EasyHub - Quick Start Guide in 3 steps

1. **EasyHub unpack and connect to the NMEA 2000 bus.**

Important: Disconnect power from the NMEA bus first!

2. **Connect to the EasyHub Wi-Fi**

Wi-Fi Name (SSID): **BoatHub**
Wi-Fi Password: **myboathub**

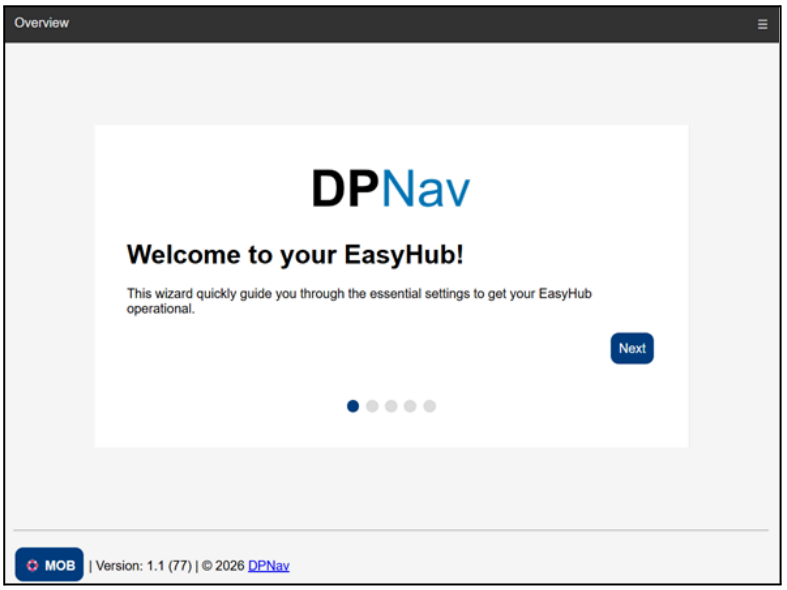
Note for Windows users:
If a prompt for a PIN appears during setup, click on “Connect using a security key instead”. Then enter the Wi-Fi name (SSID) and the corresponding password to continue with the setup.

3. **Open the browser on your smartphone, tablet or laptop.**

Enter in the address bar:

http://boathub.local
or
http://10.42.0.1

Follow the setup wizard, and your EasyHub will be ready for use in just a few steps.



Note: The settings can also be changed later via the admin login using the username “admin” and the password “boathub
